

Welcome to Green School for Grownups

Opening August 27th

We cannot be happier about the reception we have received for the new coworking and colearning space situated on campus, The Bridge @ Green School.

The Bridge is the world's first **holistic** and **integrated** learning centre for all ages. And after 10 years of begging and pleading from the internal and external community we finally have a **Green School for Grownups**.

The Bridge is **holistic** as it features weekly talks based on the Compass Model around Nature, Society, Economy and Wellbeing. There will be at least four talk/events each week and a social gathering each Friday. There will also be monthly talks around photography and special talks such as Bridging the Gap focusing on the #Metoo movement. The Bridge is **integrated** as we leverage the community's expertise in providing talks and value to the space and we work closely to support the Green School learning program.

We have dedicated high speed fiber optic internet, skype booths, a meeting room, a private cafe with great food and coffee. All of the furniture is upcycled or recycled.

Membership Signup Opens on August 24th

We will open to the Green School community on August 27th for a closed, limited time until October 1st. At that time we will then open up to the wider community. Membership payments will start on September 14th as we work out some of our growing pains.

We are offering two memberships: **Founding Member** and **Regular Monthly Membership**:

Become a **Founding Member** for IDR 15M

Be part of history and helping to establish this unique and one-of-a-kind space. This is limited to 30 members. As a Founding Member you will receive:

- 20 free laser printed bamboo business cards from the iHub
- Special Bamboo Name Tag
- 1 year membership to The Bridge
- 1 hour per month at The iHub
- 10% discount for next year's The Bridge membership
- 1 hour of meeting room booking per month
- Name printed on a bamboo plaque or pole

Regular Monthly Membership for IDR 800K for Green School Community

No, that isn't a typo. We want this accessible to as many people as possible so we offer the most affordable coworking pricing in Bali by almost a third. The Bridge is a self-funding social enterprise so we need to be sustainable. This price is only available to Green School parents and community members.

How to Sign Up

We estimate our initial capacity to be approximately 70 seats so we will be targeting 75 memberships from the start. We will assess flow and attendance and then open up more spaces. And of course there will be turnover and we will work through the waiting list.

If you are interested in becoming a Founding Member please email to thebridge@greenschool.org. The first 30 people who contact us will secure a Founding Membership. Depending on demand we may adjust this.

If you are interested in the Monthly Membership then there will be a physical board to sign up on August 24th outside of The Bridge space. It will be a first-come-first-serve basis and we are accepting up to 45 new members. So put it in your calendars!

We thank you for being part of this project. We fully realize there will be growing pains and we look forward to working with our community in making this a successful space.

Thank you. Carol, Kate and Chris
